August is Here...Everything is in Full Bloom...Get Out There and Create Some Memories!!

THINGS TO REMEMBER WHEN YOU ARE HERE...

SPEED LIMIT IN THE PARK

The posted speed limit in the park remains 10 km. Please respect this, and remember to tell your guests as well to avoid unnecessary issues.

WOOD ORDERS

Please have your wood orders in before 4PM - all wood orders received after the office is closed will be delivered the following day. Remember, you do not have to be on site to order - text/call the office and we can have your wood delivered and waiting for you when you arrive.

THIS IS BEAR COUNTRY

We are amongst wildlife. Please do not leave anything out which may tend to attract animals. This can include food, bottles, garbage cans, open barbecues, etc. And we strongly recommend NOT feeding the squirrels as they will be more likely to move into a trailer and do damage.

PROPERTY SOUTH OF ROSEWOOD

Again our neighbour's have graciously allowed us to use this space for nature walks or to take our dogs. Please be considerate and pick up after yourself and your pet. Also, remember that the office needs to be aware of all visiting dogs.

GRASS CLIPPINGS

Just a quick reminder that grass clippings are NOT to go into the garbage bins - please toss them over the ridge. Decomposing grass clippings, branches , etc will work to help stabilize the embankment, and limit further erosion.

VISITORS

We love having your guests share time in the park - please remember to let us know when friends/family are here so we are aware. The office needs to know about all visiting pets as well. If guests are staying overnight, there is a \$5/guest/night fee. Thanks in advance for your cooperation.

OFFICE HOURS

Please note that on Tuesdays, Wednesdays and Thursdays I will be best reached by phone/text as I will be in and out of the office on those days. Should you need to reach me, please call or text and I'll be sure to touch base with you in a timely manner.

PET CARE

It is every pet owner's responsibility to ensure that the privilege of having your pet with you is not ruining the relaxation of others in the park. ALL pet poop is to be picked up immediately, and it is an expectation that your pet will never use someone else's yard to do their business. Also, be mindful of how your pet responds to being left alone in the trailer when you leave without them - if they experience separation anxiety and become 'Sir Barks-a-lot', an anti-bark collar will be required .

IT'S ALL GOOD MAINTENANCE...

A few of you have asked for the 'recipe' for these amazing wipes, so here it is. If you love the convenience of the Lysol wipes, but are not too fond of the chemicals, you may be looking for ways to duplicate the convenience and make the solution more eco-friendly. I was not surprised to find the internet full of ideas. You may want to research a few different mixtures to find what would work best for your needs; luckily the internet it full of various recipes, so I encourage you to try a few on your own, and as with any new project, have fun.

What You'll Need

- \* Coffee canister with plastic lid
- \* Roll of paper towel
- \* Sharp knife
- \* Scissors
- \* Spray paint (optional)

Solution Recipe

- \* 1/2 cup vinegar
- \* 1/4 cup water
- \* 1/4 cup rubbing alcohol
- \* 1 teaspoon liquid dish soap
- \* 10 drops essential oil (optional)

Repurposing an old coffee can for this DIY is a fun way to create a container that can be used over and over again. Either leave the can as is, or give it a quick coat of spray paint, inside and out, for a fun look and to keep the inside of the can from rusting.

To create the cleaning wipes, cut the paper towels in half using a sharp serrated knife, and squish one half into the painted can.

Mix together the vinegar, dish soap, rubbing alcohol, and water in a small bowl. You can add several drops of essential oil to the solution, which personalizes the cleaner and boosts its antibacterial powers.

Slowly pour the liquid over the paper towels. Once they're saturated, carefully remove the cardboard centre, and pull a paper towel from the middle.

Using the scissors, create a small opening in the centre of the plastic lid - approximately 1/2 inch in diameter works well.

Now feed the paper towel through the hole in the plastic lid, and secure the lid onto the painted coffee can. Not only are these wipes great at cleaning and disinfecting your home, but they also look super cute, and are inexpensive to make.

Simply add a few drops of water to the canister as needed to keep wipes moist.

WHAT'S NEW AT ROSEWOOD

**SPRAYING SERVICES** - Rosewood is expanding their lawn care/yard services. For those looking for extra assistance with managing weeds and/or fertilizing the lawns, we now have a program that may interest you.

**Weed Control:** As in the past, Rosewood can spray your **driveway** for weeds. Roundup is used, and can be applied specifically to the driveways (\$25) or include driveways and around decks and fire pit areas (\$45). Roundup is a systemic, broad-spectrum glyphosate-based herbicide that is used to kill weeds and grass

New to the program is our weed control for your **lawn** area. Par III is used, and is applied to the entire lawn on your site. Price will range from \$25-\$45, depending on the size of your yard. Par III keeps turfgrass free of tough problem weeds such as dandelion, poison ivy, clovers and ground ivy.

**Grass Fertilizer:** We now offer fertilization for your lawn. A granular fertilizer is used, and is applied to the entire lawn area. Again, price will range from \$25-\$45, depending on the size of your yard. Granular fertilizer is effective at feeding and strengthening the lawn to help prevent damage from weeds, pest and drought.

MUSICAL SITES

It’s that time of year again! For those of you who have your eye on a different site/area, this is the time to say so. We have a list in the office for each area; if you want to move to a different site, you must let us know before **Aug 5th**, so we can add your name to that list. There will be a draw for the available sites before Oct 1st, to give folks time, if possible, to get settled into the new site before the end of the season.

For those who already know that they will be leaving at the end of the season, please let us know ASAP, so we can plan ahead. As well, please ensure you have settled your account for any unpaid dues (ie electrical) **before** you pull your unit off site.
